

NATIONAL CONFERENCE

on

“Recent Trends in Mathematical and Computational Sciences”
(RTMCS-2025)

November 28-29, 2025

Sponsored by

Soft Computing Research Society (SCRS)

About the University

Magadh University, Bodh Gaya, was established on March 1, 1962, as a result of the dedicated efforts and vision of the intellectuals and educationists of the Magadh region. **Prof. (Dr.) K. K.**

Dutta, a renowned academician and historian of international repute, was appointed as the first Vice-Chancellor of the University. The establishment of the campus was made possible through the generous contribution of **Shri Satanand Giri**, the respected Mahant of Bodh Gaya Math, who donated a vast tract of land at the request of

the then Education Minister. The foundation stone of the present campus was laid on August 20, 1964, by His Excellency **Dr. Sarvepalli Radhakrishnan**, the then President of India.

Today, Magadh University stands as one of the premier institutions of higher learning in Bihar, offering postgraduate programs in 22 subjects across the faculties of Science, Social Science, Humanities, and Commerce. In addition to its traditional academic programs, the University also offers a wide range of vocational and professional courses in areas such as Education, Physiotherapy, Information Technology, Management, Environmental Science, Library Science, and Biotechnology. With its commitment to academic excellence, research, and holistic development, Magadh University continues to serve as a center of knowledge and innovation, nurturing generations of scholars and professionals. Here's a refined version of your sentence:

The present Vice-Chancellor, **Prof. Shashi Pratap Shahi**, has been a constant source of inspiration in reviving the glorious legacy of Magadh University. Under his dynamic leadership,

the University has strengthened its commitment to academic excellence and quality education. His visionary guidance has consistently encouraged faculty members to take initiatives in organizing and participating in conferences, seminars, and workshops at both national and international

platforms. This National Conference is one such initiative, envisioned and realized under his motivation, continuing the tradition of scholarly engagement and intellectual growth at the University.

About the Department

The PG Department of Mathematics at Magadh University was established in 1962. In its early years, postgraduate teaching began in a rented building, as the University did not yet have its own infrastructure. Dr. Shyam Sundar Prasad, transferred from Nalanda College, Bihar Sharif, was the first faculty member to join the Department. He was later joined by distinguished academicians including Dr. R. Shukla (Professor & Head), Dr. Shaligram Singh (Reader), Dr. Ziaul Hasan (Lecturer), and Dr. P. Tiwari (Lecturer). With the relocation of the University office to its permanent campus at Bodh Gaya on December 15, 1969, the Department of Mathematics also shifted to the new premises. The newly built facility provided a spacious, well-equipped environment that greatly enhanced teaching and research activities.

Over the decades, the Department has earned recognition for its significant contributions in diverse areas such as Set Theory, Topology, Algebra, Fuzzy Mathematics, Theory of Relativity, Fixed Point Theory, Topological Dynamics, Bio-Mathematics, and Differential Equations. It offers postgraduate programs as well as advanced research opportunities leading to Ph.D. and D.Sc. degrees, nurturing scholars who contribute meaningfully to the growth of mathematical sciences. The Department currently has nine faculty members, whose research and teaching interests span a wide spectrum of areas in both Pure and Applied Mathematics.

About the City

Gayaji (formerly known as Gaya) is revered as a sacred city of **enlightenment and salvation**. Counted among the world's oldest living cultural centers, it holds immense spiritual, historical, and cultural significance. The city is a confluence of traditions, drawing pilgrims, scholars, and travelers from across the globe for centuries. For Hindus, Gaya is one of the most important pilgrimage sites, particularly renowned for the **Pind Daan** rituals performed on the banks of the holy Phalgu River.

For Buddhists, Bodh Gaya-just a few kilometers away-is a place of profound importance, where **Lord Buddha** attained enlightenment under the **Bodhi Tree**. This dual heritage has established Gayaji as a global destination of faith, peace, and learning.

Beyond its religious significance, the city reflects the richness of Indian culture and hospitality, offering visitors an opportunity to experience timeless traditions alongside modern development. With its unique blend of spirituality, history, and culture, Gayaji continues to inspire seekers of wisdom and knowledge from all over the world.

About the Conference

The conference aims to serve as a dynamic platform for academicians, researchers and industry experts to share, exchange, and disseminate their knowledge on recent developments and emerging trends in Pure Mathematics, Applied Mathematics, Computer Science, Physics, and Chemistry. By bringing together academicians, and experts eminent researchers, leading from across the country, the event aspires to foster an intellectually stimulating environment where innovative ideas, methods, and approaches can be discussed, debated, and refined. A special focus will be placed on motivating and engaging young researchers and students, encouraging them to explore the frontiers of research and address real-world challenges through scientific inquiry.

The academic program will feature **Keynote Lectures** by distinguished scholars, **Invited Talks** by **domain experts**, and Oral Presentations by participants. This rich blend of sessions is designed to ensure comprehensive coverage of both theoretical advances and practical applications, while also creating ample opportunities for learning, collaboration, and networking among attendees.

Expected Outcomes

The conference is expected to:

- Foster interdisciplinary collaboration by bringing together researchers, academicians, and industry professionals from diverse domains of Mathematical and Computational Sciences.
- Provide a platform for young scholars and early-career researchers to present their work, gain constructive feedback, and pursue advanced research with renewed motivation.
- Encourage the development of innovative methodologies and problem-solving approaches that address both theoretical and applied challenges.
- Inspire participants to explore emerging areas such as Artificial Intelligence, Data Science, Optimization, Modeling, and Simulation, and their applications to real-world problems.
- Strengthen the academic and research ecosystem by providing visibility to novel contributions and facilitating mentoring opportunities between senior and junior researchers.

Organizing Committee

Chief Patron: Prof. S. P. Shahi, Hon'ble Vice-Chancellor, M.U., Bodh Gaya

Patrons: Prof. B. R. K. Sinha, Pro Vice-Chancellor, M.U., Bodh Gaya
Dr. Binod Kumar Manglam, Registrar, M.U., Bodh Gaya

Convener: Dr. Sunil Suman, Head/Incharge, Department of Mathematics, M.U., Bodh Gaya

Co-Convener: Dr. S. K. Tiwari, Associate Professor, Dept of Mathematics, M.U., Bodh Gaya

Organizing Secretaries: Dr. Amar Kishor, Department of Mathematics, M.U., Bodh Gaya
Dr. Kumar Vishal, Department of Mathematics, M.U., Bodh Gaya

Treasurer: Dr. Pintu Samanta, Department of Mathematics, M.U., Bodh Gaya

Members:

Prof. M. K. Singh, Department of Mathematics, M.U., Bodh Gaya
Dr. Prayag Prasad, Department of Mathematics, M.U., Bodh Gaya
Dr. Manoj Kumar Singh, Department of Mathematics, M.U., Bodh Gaya
Mrs. Nitisha Bharti, Department of Mathematics, M.U., Bodh Gaya
Dr. Dharmendra Kumar, Department of CS & IT, M.U., Bodh Gaya
Mr. Aditya Bharti, Department of CS & IT, M.U., Bodh Gaya

Tentative List of Resource Persons (subject to update)

Prof. Subir Das
IIT (BHU), Varanasi

Prof. Nikhil Ranjan Pal
ISI Kolkata

Prof. Jagdish Chand Bansal
South Asian University, New Delhi

Dr. Debasis Das
IIT Jodhpur

Dr. Jai Prakash
BHU, Varanasi

Dr. Sanjeev A. Sahu
IIT(ISM) Dhanbad

Dr. Rishav Singh
IIT Patna

Conference Topics

The thrust areas of the conference include, but are not limited to, the following broad and emerging topics of Mathematical and Computational Sciences:

Algebra	Data Science	Functional Analysis	Mathematical Modeling
Analysis	Deep Learning	Fuzzy Logic and	Mathematical Physics
Artificial Intelligence	Differential	Systems	Number Theory
Big Data Analytics	Equations	Fuzzy Sets & its	Numerical Analysis
Blockchain Technology	Dynamical System	Applications	Optimization Techniques
Cryptography	Fixed Point Theory	IoT	Soft Computing
Cyber Security	Fluid Dynamics	Machine Learning	Theoretical Seismology

Advisory Committee

- Prof. S.N.P. Yadav “Deen”, Dean Science, M. U., Bodh Gaya
- Prof. Vijay Kumar Verma, Head, Department of Physics, M.U., Bodh Gaya
- Prof. D. K. Keshari, Head, Department of Zoology, M.U., Bodh Gaya
- Dr. Atul Kumar Srivastava, Head, Department of Chemistry, M.U., Bodh Gaya
- Dr. Ravi Kumar Singh, Head, Department. of Botany, M.U., Bodh Gaya
- Prof. Ranjan Kumar, Aryabhatta College, University of Delhi, New Delhi
- Dr. Mithilesh Kumar Chaube, IIIT-Naya Raipur
- Prof. Mithilesh Singh, V.B.S. Purvanchal University, Jaunpur
- Prof. Anirban Das, U.E.M., Kolkata
- Prof. Roushan Kumar, Central University of South Bihar, Gaya
- Prof. Manoj Prakash Tripathi, U. P. College, Varanasi
- Prof. K.B. Yadav, T. D. College, Jaunpur
- Dr. Md. Jeyauddin, Jubail Industrial College, Jubail, Saudi Arabia
- Dr. Amit Kumar, IIT(BHU), Varanasi
- Dr. Navin Jha, U. P. College, Varanasi
- Dr. P. K. Gupta, NIT Silichar
- Dr. Anupam Priyadarshi, Banaras Hindu University, Varanasi
- Dr. Rakesh Kumar, IIT Mandi
- Dr. Mayank Srivastava, P.G. College, Ghazipur
- Dr. Lokesh Kumar, T.M.B.U, Bhagalpur
- Dr. Shree Nath Sharma, S.S. College, Jehanabad
- Dr. N. P. Singh, S.N. Sinha College, Jehanabad
- Dr. Md. Jawed Iqbal Khan, Mirza Ghalib College, Gaya
- Dr. Shyam Sunder Pd. Singh, S. N. Sinha College, Warisaliganj
- Dr. Manish Kr. Singh, J. J. College, Gaya
- Mr. Sudip Kumar, S. Sinha College, Aurangabad
- Dr. Saurabh Kr. Agrawal, Bharati Vidyapeeth College of Engineering, New Delhi
- Dr. Amar Nath Chatterjee, K.L.S. College, Nawada

Call for Abstracts

Abstract of original research work are invited from the interested researchers for presentation in this conference. Abstract should be in English, limited to 300 words along with title, affiliation and email id. Abstract must be sent through email to (rtmcs2025@gmail.com).

Text Format **Microsoft Word**

Title Limited to 250 characters in length. Use initial caps in the title; do not use all caps

Author(s) Type all the author's names with initial caps. Include affiliations for all authors

Email Id Presenting author's e-mail address

Keywords Maximum 5 keywords

Abstract Body Limited to 300 words

Important Dates

Registration Starts:
10.09.2025

Registration Ends:
20.11.2025

Spot Registration:
28.11.2025

Registration Fee Details

Participants	Early Bird Registration up to 20.11.2025	On Spot Registration	QR Code
Faculty/Scientists	2000/-	2500/-	
Research Scholars	1500/-	2000/-	
M.Sc. Students	500/-	750/-	
Industry	3000/-	4000/-	

The Registration fee includes Conference kits, Abstract book, Tea/Snacks and Lunch.

Bank Account Details

Account No: **5859558440**

A/C Name: **National Conference**

Mathematics

Bank: Central Bank of India

Branch: Bodh Gaya, M.U. Campus

IFSC Code: CBIN0280045

Registration Form

- Fill up the registration form within due date [**Click here** ↓]

- Upload the abstract in appropriate field

How to Reach

The campus of Magadh University, Bodh Gaya, is situated on the Gaya–Dobhi Road, approximately 17 km from Gaya Railway Station and about 7 km from Gaya Airport. The town enjoys excellent connectivity by air, rail, and road. Gaya Railway Station lies on the main line of the Eastern Railway, providing easy access from major destinations. The campus is around 05 km from Gaya International Airport and about 100 km from Patna Airport.
